As an ex-officio member of each board committee, Mr. Whitmore will be able to attend and participate in all committee meetings but he will not be able to vote as a committee member and he will not receive any compensation for his committee service.

Board Compensation

On June 4, 2013, the board of directors approved the Company's cash compensation for non-employee directors for July 1, 2013 - June 30, 2014. Each of those directors will receive a board and committee cash retainer. Each non-employee director will continue to receive an annual cash retainer of \$20,000, except for the board chair, who will receive an annual cash retainer of \$24,000, a reduction of \$4,000 from last year. In addition, each non-employee director who is a member of a board committee will receive an additional cash retainer for such committee service as summarized in the table below.

Committee Name	Annual Retainer for Committee Members	Annual Retainer for Committee Chairs
Audit and Finance Committee	\$6,750	\$16,750
Compensation and Management Committee	\$5,250	\$13,250
Corporate Development and Governance Committee	\$6,750	\$16,750

The shares of stock comprising each non-employee director's stock award, excluding the chair of the board of directors, will continue to have an aggregate annual value of \$40,000, which the Company will issue in four equal installments of \$10,000 on August 15, 2013, November 15, 2013, February 17, 2014 and May 19, 2014, respectively. The chair of the board of directors will continue to receive an annual award with an aggregate annual value of \$66,000 that the Company will issue in four equal installments of \$16,500 on the same dates as the grants to the other board members. The Company will calculate the dollar value of the stock awards by using the value weighted average price of the Company's common stock on the trading day prior to the date of grant. The number of shares of common stock granted to a non-employee director is determined by dividing the value of the award by the value weighted average price on the date prior to the date of grant, rounded to the nearest whole number.
