PROXY STATEMENT
ANNUAL MEETING OF STOCKHOLDERS
DECEMBER 12, 2002

INFORMATION CONCERNING SOLICITATION AND VOTING

This proxy statement is furnished to stockholders in connection with the solicitation of proxies by the Board of Directors of Ultralife Batteries, Inc. (the "Company") for use at the 2002 Annual Meeting of Stockholders (the "Meeting") to be held on Thursday, December 12, 2002 at 10:30 A.M. and at any adjournments thereof. The Meeting will be held at the JP Morgan Chase Conference Center, 270 Park Avenue, 11th Floor, Room C, New York, New York 10017.

The approximate date on which the enclosed form of proxy and this proxy statement are first being sent to stockholders of the Company is November 1, 2002.

When a proxy is returned properly signed, the shares represented thereby will be voted in accordance with the stockholder's directions. If the proxy is signed and returned without choices having been specified, the shares will be voted FOR the election of each director-nominee named herein, and FOR each of the other proposals identified herein. If for any reason any of the nominees for election as directors shall become unavailable for election, discretionary authority may be exercised by the proxies to vote for substitute nominees proposed by the Board of Directors of the Company. A stockholder has the right to revoke a previously granted proxy at any time before it is voted by filing with the Secretary of the Company a written notice of revocation, or a duly executed later-dated proxy, or by requesting return of the proxy at the Meeting and voting in person.

Only stockholders of record at the close of business on October 18, 2002 are entitled to notice of, and to vote at, the Meeting. As of October 18, 2002, there were 13,352,269 shares of the Company's Common Stock, par value \$.10 per share ("Common Stock"), issued and outstanding, each entitled to one vote per share at the Meeting.(1) A majority of the outstanding shares of Common Stock, represented in person or by proxy at the Meeting, will constitute a quorum for the transaction of all business. Pursuant to the provisions of the Delaware General Corporation Law, directors shall be elected by a plurality of the votes cast by the holders of shares of Common Stock present in person or represented by proxy at the Meeting and entitled to vote at the Meeting. Because directors are elected by a plurality of the votes cast, withholding authority to vote with respect to one or more nominees will have no effect on the outcome of the election, although such shares would be counted as present for purposes of determining the existence of a quorum. Similarly, any broker non-votes (which occur when shares held by brokers or nominees for beneficial owners are voted on some matters but not on others in the absence of instructions from the beneficial owner) are not considered to be votes cast and therefore would have no effect on the outcome of the election of directors, although they would be counted for quorum purposes. The affirmative vote of holders of a majority of the shares of Common Stock represented at the Meeting and entitled to vote on the proposal to ratify the Company's auditors is required for approval of that proposal. Accordingly, abstentions and any broker non-votes, since they are considered to be represented at the Meeting, would

- - - - -
(1) Does not include 27,250 treasury shares.

have the same effect as votes cast against that proposal. The affirmative vote of holders of a majority of the shares of Common Stock represented at the Meeting and entitled to vote on the proposal to amend the 2000 Stock Option Plan is required for approval of that proposal. Accordingly, abstentions and any broker non-votes, since they are considered to be represented at the Meeting would have the same effect as votes cast against that proposal. The affirmative vote of holders of a majority of the shares of Common Stock represented at the Meeting and entitled to vote on the proposal to authorize the conversion of the convertible subordinated debenture issued to a director of the Company is required for approval of that proposal. Accordingly, abstentions and any broker non-votes, since they are considered to be represented at the Meeting would have the same effect as votes cast against the proposal.

The cost of solicitation of proxies will be borne by the Company. In addition to the solicitation of proxies by use of the mails, some of the officers, directors and regular employees of the Company, without extra remuneration, may solicit proxies personally or by telephone, telefax or similar transmission. The Company will reimburse record holders for expenses in forwarding proxies and proxy soliciting material to the beneficial owners of the shares held by them.

The Board of Directors has unanimously approved the above-named nominees for directors. The Board of Directors recommends a vote FOR all of these nominees.

BOARD OF DIRECTORS

The Board of Directors met 13 times during the fiscal year ended June 30, 2002. During the fiscal year ended June 30, 2002, all of the members of the Board attended at least 75% of the aggregate of: (1) the total number of meetings of the Board (held during the period for which such person has been a director); and (2) the total number of meetings held by all committees of the Board on which such member served.

Prior to December 5, 2001, each non-employee director was entitled to receive a \$750 monthly retainer as well as \$750 for each Board meeting attended; subject to the provision that the meeting compensation was reduced by 50% if the director participated by conference call. The Chairman of the Board was paid an additional \$15,000 per annum for acting as Chairman. Arthur Lieberman served as the Company's Chairman of the Board until December 5, 2001, when Ranjit C. Singh was elected Chairman.

Effective December 5, 2001, the director compensation package was modified to provide that each non-employee director would receive a \$2,000 quarterly retainer with the quarter commencing January 1, 2002 and that the Chairman of the Board would receive a \$3,750 quarterly retainer. Compensation for meeting attendance, including those in which a director participates by conference call, remained the same. Mr. Singh became Chairman on December 5, 2001.

In addition, pursuant to the provisions of Section 6(i) of the Company's 2000 Stock Option Plan (the "2000 Option Plan"), each director receives an option at the end of each calendar quarter to purchase 1,500 shares of Common Stock. This option vests immediately with a term of five years from the date of grant and is granted at an exercise price equal to the closing price of the Common Stock on the date of grant.

The Compensation and Management Committee recently recommended increasing the options for each non-employee director (other than the Chairman of the Board) by 1,500 shares for each calendar quarter, effective for the calendar quarter ended June 30, 2002. Pursuant to the same recommendation, the Chairman of the Board will receive an additional 3,500 share option per calendar quarter, effective for the calendar quarter ended June 30, 2002. These additional options will be granted pursuant to Section 6(h) of the 2000 Option Plan, and the terms of these additional options will be fixed by the Compensation and Management Committee pursuant to the authority granted that Committee under Section 6 of the 2000 Option Plan.

In a coordinated effort to preserve the Company's cash resources, during the quarter ended December 31, 2001, the Company and certain directors agreed that the Company would withhold cash payments to which the directors were otherwise entitled. As a result, the Company has not paid any of the director retainers or meeting fees since September 30, 2001. In a further effort to conserve its cash resources, the Company's Compensation and Management Committee, in accordance with the provisions of the 2000 Option Plan, has recommended compensating its non-employee directors with additional stock options in lieu of the cash retainers and meeting fees to which they were otherwise entitled.

COMMITTEES OF THE BOARD

The Board has established four standing committees to assist it in carrying out its responsibilities: the Compensation and Management Committee, the Audit and Finance Committee, the Governance Committee and the Executive Committee.

The members of the Compensation and Management Committee are currently Daniel W. Christman (Chair) and Patricia C. Barron. Arthur M. Lieberman was a member of the Compensation and Management Committee until he resigned from the Board on June 4, 2002. The Compensation and Management Committee has general responsibility for recommending to the Board remuneration for the Chairman and determining the remuneration of other officers elected by the Board, granting stock options and otherwise administering the Company's stock option plans, and approving and administering any other compensation plans or agreements. The Compensation and Management Committee met five times during the fiscal year ended June 30, 2002.

The members of the Audit and Finance Committee are Carl H. Rosner (Chair), Ranjit C. Singh and Joseph C. Abeles all of whom are independent directors. This committee has oversight responsibility for reviewing the scope and results of the independent auditors' annual examination of the Company's financial statements, meeting with the Company's financial management and the independent auditors to review matters relating to internal accounting controls, the Company's accounting practices and procedures and other matters relating to the financial condition of the Company, and recommending to the Board of Directors the appointment of the independent auditors. The Audit and Finance Committee met four times during the fiscal year ended June 30, 2002.

The members of the Governance Committee are currently Patricia C. Barron (Chair), Ranjit C. Singh and Daniel W. Christman. This Committee reviews the performance of the Company's directors, makes recommendations to the Board of Directors for membership and committee assignments and manages the annual evaluation of the performance of the Company's Chief Executive Officer. The Governance Committee met six times during the fiscal year ended June 30, 2002.

The Governance Committee serves as the Nominating Committee. The Committee will consider persons whom stockholders recommend as candidates for election as Company directors. Stockholders may submit names of qualified candidates along with detailed information on their backgrounds to the Company's Secretary for referral to the Committee for consideration.

The members of the Executive Committee are Ranjit C. Singh, Joseph C. Abeles, Carl H. Rosner and John D. Kavazanjian (Chair). Arthur M. Lieberman was a member of the Executive Committee until he resigned on June 4, 2002. This committee is responsible for overseeing such matters as the Board of Directors determines from time to time. The Executive Committee met two times during the fiscal year ended June 30, 2002.

Each committee member receives \$500 for each committee meeting attended. Prior to December 5, 2001, the Company's policy was that the committee meeting fee would be reduced by 50% if the committee member participated by conference call. The policy was revised, however, on December 5, 2001 to permit participation by conference call without any reduction in fees. In addition, each committee chair, other than Mr. Kavazanjian, receives \$2,500 per annum. As noted above with respect to director retainers and fees, the Company and its directors have similarly agreed to withhold payment of committee fees and committee chairman fees, and the Company is considering issuing additional stock options in lieu of cash retainers and fees to which individuals were otherwise entitled.

401(k) Plan

The Company established a profit sharing plan under Sections 401(a) and 401(k) of the Code (the "401(k) Plan"), effective as of June 1, 1992. The 401(k) plan was amended effective as of January 1, 1994. All employees in active service who have completed 1,000 hours of service or were participating in the 401(k) Plan as of January 1, 1994, not otherwise covered by a collective bargaining agreement (unless such agreement expressly provides that those employees are to be included in the 401(k) Plan), are eligible to participate in the 401(k) Plan. Eligible employees may direct that a portion of their compensation, up to a maximum of 17% (in accordance with all IRS limitations in effect on January 1, 1998) be withheld by the Company and contributed to their account under the 401(k) Plan.

In April 1996, the Board of Directors authorized a Company matching contribution up to a maximum of 1 1/2% of an employee's annual salary for the calendar year ended December 31, 1996 and 3% for subsequent calendar years. In January 2001, the matching contribution was raised to a maximum of 4% (100% match of up to 3% of annual salary, and 50% match above 3% to a maximum of 5% of salary). The Company made or accrued contributions of \$150,000, \$234,000, and \$162,000 for the fiscal years ending June 30, 2000, 2001, and 2002, respectively. In January 2002, the Company match was suspended in an effort to conserve cash.

All 401(k) contributions are placed in a trust fund to be invested at the trustee's discretion, except that the Company may designate that the funds be placed and held in specific investment accounts managed by an investment manager other than the trustee. Amounts contributed to employee accounts by the Company or as compensation reduction payments, and any earnings or interest accrued on employee accounts, are not subject to federal income tax until distributed to the employee, and may not be withdrawn (absent financial hardship) until death, retirement or termination of employment.

REPORT OF COMPENSATION AND MANAGEMENT COMMITTEE CONCERNING EXECUTIVE COMPENSATION

Overview

Compensation determinations are made by the Company's Compensation and Management Committee. The Company seeks to provide executive compensation that will support the achievement of the Company's financial goals while attracting and retaining talented executives and rewarding superior performance.

The Company seeks to provide an overall level of compensation to the Company's executives that is competitive within the Company's industry and with other companies of comparable size and complexity. Compensation in any particular case may vary from the industry average on the basis of annual and long-term Company performance as well as individual performance. The Compensation and Management Committee will exercise its discretion to set compensation where, in its judgment, external, internal or individual circumstances warrant it.

In general, the Company compensates its executive officers through a combination of salary and stock option awards. Additionally, the Company's executives are eligible to participate in or receive benefits under an employee benefit plan made available by the Company to its executives and/or employees.

Salary

Of the primary elements of executive compensation set forth above, salary is generally the least affected by the Company's performance, although it is very much dependent on individual performance. Executive salaries for the fiscal year ended June 30, 2002 were, however, adversely affected by the Company's performance. Executives, at the recommendation of the Compensation and Management Committee and in a cooperative effort to conserve the Company's cash resources, reduced their salaries initially by 20%, which reduction was then followed by an across-the-board increase so that the Company's executives are now receiving 90% of their former salaries. The Company believes that salaries paid to its executives are competitive with industry norms. The salary levels and annual increases of all executive officers of the Company must be approved by the Compensation and Stock Option Committee. Salary levels for executives are determined by progress made in the operational and functional areas for which they are responsible as well as the overall performance of the Company.

Executives' salaries are reviewed annually. The timing and amount of any increase to executives both depend upon (i) the performance of the individual and, (ii) to a lesser extent, the financial performance of the Company.

Stock Options

Stock options are designed to provide long-term incentives and rewards, tied to the price of the Company's Common Stock. Given the vagaries of the stock market, stock price performance and financial performance are not always consistent. The Compensation and Management Committee believes that stock options, which provide value to the participants only when the Company's stockholders benefit from stock price appreciation, are an appropriate complement to the Company's overall compensation policies. Executive officers of the Company are eligible to receive option grants under the Company's stock option plans. The decision to award stock options to an executive is based upon such considerations as the executive's position with the Company and is designed to be competitive for individuals at that level. The Compensation and Management Committee administers the Company's stock option plans.

Employee Benefit Plans

Executives of the Company are each entitled to participate in or receive benefits under any pension plan, profit-sharing plan, life insurance plan, health insurance plan or other employee benefit plan made available by the Company to its executives and employees. The Company also provides Mr. Kavazanjian with supplemental life insurance (\$700,000 coverage in addition to \$300,000 of basic coverage) and supplemental disability insurance. Currently, the Company provides medical insurance for its executive officers and has established the 401(k) Plan. All executive officers and employees are eligible to participate in the 401(k) Plan.

Chief Executive Officer

Mr. Kavazanjian joined the Company in July 1999, entering into an employment agreement with the Company, the principal terms of which are described earlier in this Proxy Statement. Mr. Kavazanjian and the Company entered into a new employment agreement in September 2002, the principal terms of which are described earlier in this Proxy Statement. In reviewing the performance of the Chief Executive Officer, the Compensation and Stock Option Committee considers the scope and complexity of his job during the past year, progress made in planning for the future development and growth and return on assets of the Company.

The Audit and Finance Committee acts only in an oversight capacity. In this context, the Audit and Finance Committee has met and held discussions with management and the independent accountants. The Audit and Finance Committee met with the independent accountants, with and without management present, and discussed the results of their examinations, their evaluations of the Company's internal controls, and the quality of the Company's financial reporting.

In reliance on these reviews and discussions, and the report of the independent auditors, the Audit and Finance Committee recommended to the Board of Directors, and the Board approved, that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended June 30, 2002, for filing with the Securities and Exchange Commission.

On July 24, 2002, the Company dismissed its previous independent public accountants, Arthur Andersen LLP ("Arthur Andersen") and engaged PricewaterhouseCoopers. On July 24, 2002, the Company dismissed its independent public accountants, Arthur Andersen and engaged PricewaterhouseCoopers as its new independent public accountants, effective immediately for the fiscal year ending June 30, 2002. Arthur Andersen's reports on the Company's consolidated financial statements for each of the fiscal years ended June 30, 2001 and June 30, 2000 did not contain an adverse opinion or a disclaimer of opinion, nor were qualified or modified as to uncertainty, audit scope or accounting principles. During the fiscal year ended June 30, 2001 and June 30, 2000, and the subsequent interim period through March 31, 2002, there were no disagreements between the Company and Arthur Andersen on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure which, if not resolved to Arthur Andersen's satisfaction, would have caused Arthur Andersen to make reference to the subject matter of any such disagreements in connection with their reports on the Company's financial statements for such years.

During the fiscal years ended June 30, 2001 and June 30, 2002 and the subsequent interim period through March 31, 2002, the Company did not consult with PricewaterhouseCoopers with respect to the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Company's consolidated financial statements, or any other matters or reportable events required by applicable securities laws.

The Board of Directors has selected PricewaterhouseCoopers LLP as the Company's independent auditors for the fiscal year ending June 30, 2003. This selection will be presented to the stockholders for their approval at the Meeting. The Board of Directors recommends a vote in favor of the proposal to approve and ratify this selection, and the persons named in the enclosed proxy (unless otherwise instructed therein) will vote such proxies FOR this proposal. If the stockholders do not approve this selection, the Board of Directors will reconsider its choice.

The Company has been advised by PricewaterhouseCoopers LLP that a representative will be present at the Meeting and will be available to respond to appropriate questions. In addition, the Company intends to give such representative an opportunity to make any statements if he or she should so desire.

The Board of Directors recommends a vote in favor of the proposal to approve and ratify the selection of PricewaterhouseCoopers LLP as the Company's independent auditors for the fiscal year

ending June 30, 2003, and, unless otherwise indicated therein, the shares represented by the enclosed properly executed proxy will be voted FOR such proposal.

PROPOSAL 3
AMENDMENT TO 2000 STOCK OPTION PLAN

The Board of Directors is proposing an amendment to the Ultralife Batteries, Inc. 2000 Stock Option Plan (the "2000 Option Plan") to: (i) increase the number of shares of the Company's Common Stock reserved for issuance under the 2000 Option Plan by 500,000 shares, to 1,000,000 shares; and (ii) eliminate any references to post-termination time periods within which outstanding options can be exercised and provide the Compensation and Stock Option Committee with the discretion to determine the terms of post-termination exercises.

The Board of Directors believes that stock options are invaluable tools for the recruitment, retention and motivation of qualified employees, including officers, directors and other persons who can contribute materially to the Company's success. The Company has historically used stock options for these purposes. In 1992, the Company adopted the Ultralife Batteries, Inc. 1992 Stock Option Plan (the "1992 Plan"). The 1992 Plan expired on October 13, 2002. Options for approximately 20,000 shares which were granted pursuant to the 1992 Plan have lapsed, unexercised since June 30, 2002. In addition, options for an additional 515,000 shares are scheduled to terminate at various times through December 31, 2002. The Company expects that all or a significant amount of these currently outstanding options will lapse unexercised because the terms of the options will soon expire and because the exercise prices of those options are significantly higher than the price at which the Company's Common Stock is currently trading. The number of shares proposed to be added to the 2000 Option Plan is approximately the same number of shares subject to issuance upon exercise of these options that are currently outstanding and expected to lapse and represents the maximum number of shares that could be issued pursuant to the grant of future options under the 2000 Option Plan, if amended. The 2000 Option Plan has 81,300 shares available for future issuance pursuant to new options grants as of September 30, 2002. The Board of Directors believes that it is important to have additional shares available to provide adequate flexibility to meet future needs. In effect, the additional shares proposed to be added to the 2000 Option Plan are merely replacement shares for those options that are expected to lapse unexercised. The Company, by proposing this amendment to the 2000 Option Plan, is maintaining the status quo with respect to options available for future grants. To the extent any of the currently outstanding options that the Company believes will lapse unexercised are, in fact, exercised, the Company, through its Compensation and Management Committee, will remove that number of shares from consideration for future issuance under the 2000 Option Plan, as amended.

Section 9(a) of the 2000 Option Plan provides that upon the termination of an employee's employment or a consultant's consulting relationship with the Company or a director's term of office with the Company, the options held by such person shall terminate on the day three months following such termination of employment, consultancy or directorship; provided, however, that the Compensation and Management Committee shall have the discretion to provide that upon termination of an employee's employment or a consultant's consulting relationship as a result of retirement, disability or death, the optionholder or the optionholder's legal representative may exercise any outstanding and then-exercisable installments of that person's options for a period not to exceed: (i) one year from the date of such termination in the case of death or permanent and total disability, and (ii) three months from the date of such termination in the case of retirement or other disability. In no event, however, shall the period extend beyond the expiration of the initial option term or shall any option be exercisable for more than the maximum number of shares that the optionholder was entitled to purchase at the date of retirement, disability, or death, as the case may be.

In order to provide greater flexibility in dealing with post-termination exercises of options granted under the 2000 Option Plan, the Company is proposing to amend the 2000 Option Plan to eliminate any references to post-termination time periods within which outstanding options can be exercised and

provide the Compensation and Management Committee with the discretion to determine the terms of post-termination exercises. Accordingly, the Company proposes that Section 9(a) of the 2000 Option Plan be amended to read as follows:

"(a) Upon the termination of an Employee's employment or a Consultant's consulting relationship with the Corporation or a Director's term of office with the Corporation, the Committee shall have the discretion to provide that upon termination of an Employee's employment or a Consultant's consulting relationship or a Director's term of office, such Grantee or his or her legal representative may exercise any outstanding and then-exercisable installments of his or her Options for a period to be determined by the Committee in its sole discretion; provided, however, that in no event shall the period extend beyond the expiration of the Option term. In no event shall any Option be exercisable for more than the maximum number of shares that the Grantee was entitled to purchase at the date of termination of an Employee's employment or a Consultant's consulting relationship with the Corporation or a Director's term of office with the Corporation. In the case of an Employee or Consultant, the transfer among the Corporation and any Subsidiary shall not be deemed to be a termination of the employment or consulting relationship, and a change from the status of an Employee to a Consultant or from a Consultant to an Employee shall not be deemed to be a termination of the employment or consultant's relationship."

The Board of Directors recommends a vote in favor of the proposal to amend the 2000 Option Plan to increase the number of shares of Common Stock available for issuance from 500,000 to 1,000,000 shares, and to eliminate any references to post-termination time periods within which outstanding options can be exercised and provide the Compensation and Stock Option Committee with the discretion to determine the terms of post-termination exercises, and (unless otherwise directed therein) it is intended that the shares represented by the enclosed properly executed proxy will be voted FOR such proposal.

Summary of 2000 Option Plan

The 2000 Option Plan is intended to encourage stock ownership by the Company's executive officers, key employees, outside directors and consultants and advisors to provide an incentive for such persons to expand and improve the Company's profits and to assist the Company in attracting and retaining key employees, directors, consultants and advisors. The 2000 Option Plan provides that options granted under the 2000 Plan will be designated as incentive stock options under Section 422 of the Internal Revenue Code of 1986, as amended, or as non-statutory stock options by the Compensation and Management Committee of the Board of Directors (the "Committee"), which also will have discretion as to the persons to be granted options, the number of shares subject to the options and the terms of the option agreements. Only employees will be entitled to receive incentive stock options, while outside directors, consultants and advisors will only be entitled to receive non-statutory stock options.

The 2000 Option Plan provides that (i) all options granted thereunder shall be exercisable during a period of no more than ten years from the date of grant (five years for options granted to holders of 10% or more of the outstanding shares of Common Stock), and (ii) the option exercise price for incentive stock options shall be at least equal to 100% of the fair market value of the Company's Common Stock on the date of grant (110% for options granted to holders of 10% or more of the outstanding shares of Common Stock) and the option exercise price for non-statutory stock options shall be at least equal to 85% of the fair market value of the Company's Common Stock on the date of grant. The aggregate fair market value, as determined on the date of grant, of shares of Common Stock for which incentive stock options are first exercisable under the terms of the 2000 Option Plan by an optionholder during any calendar year cannot exceed \$100,000. Except with respect to options granted to directors as described below, the exercise price of a non-statutory stock option is determined by the Committee.

All options (except those options granted to directors) generally may be exercised only if the optionholder remains continuously associated with the Company from the date of grant to the date of exercise. Options may, however, be exercised within certain specified time periods upon termination of association with the Company or upon the death or disability of an optionholder. Incentive stock options are not transferable by the holder of the option. The 2000 Option Plan continues the Company's policy of granting five-year options of 1,500 shares each to its directors on the last day of each calendar quarter and options under the 2000 Option Plan will be granted for that purpose.

The 2000 Option Plan provides that in the event of any reclassification, recapitalization, merger, reorganization, issuance of warrants, rights or debentures, stock dividend, stock split or reverse stock split, cash dividend, property dividend, combination or exchange of shares, repurchase of shares or any other change in corporate structure which in the judgment of the Committee materially affects the value of shares, the Committee may adjust the number of shares and the exercise price in a manner it deems appropriate.

Certain options authorized to be granted under the 2000 Option Plan will be treated as non-statutory stock options for federal income tax purposes. Under federal income tax law presently in effect, no income is realized by the grantee of a non-statutory stock option granted pursuant to the 2000 Option Plan until the option is exercised. At the time of exercise of a non-statutory stock option, the optionee will realize ordinary compensation income, and the Company will generally be entitled to a deduction, in the amount by which the market value of the shares subject to the option at the time of exercise exceeds the exercise price. The Company's deduction is conditioned upon withholding on the income amount. Upon the sale of shares acquired upon exercise of a non-statutory stock option, the excess of the amount realized from the sale over the optionee's tax basis then the shares will be taxable.

Certain options authorized to be granted under the 2000 Option Plan are intended to qualify as incentive stock options for federal income tax purposes. Under federal income tax law currently in effect, the optionee will recognize no income, and the Company will be entitled to no deduction, upon grant or upon improper exercise of the incentive stock option. The excess of the fair market value of the shares on the exercise date over the exercise price will, however, be taken into account in calculating the employee's alternative minimum taxable income. If any employee exercises an incentive stock option and does not dispose of any of the option shares within two years following the date of grant of the option and within one year following the date of exercise of the option, then any gain realized upon subsequent disposition of the shares received on exercise of the option will be treated as income from the sale or exchange of a capital asset. If an employee disposes of shares acquired upon exercise of an incentive stock option before the expiration of either the one-year holding period or the two-year waiting period, any amount realized will be taxable as ordinary compensation income in the year of such disqualifying disposition to the extent of the lesser of the excess of the fair market value of the shares on the exercise date over the exercise price or the excess of the fair market value of the shares on the date of disposition over the employee's tax basis in the shares. If the employee disposes of the shares in a transaction in which loss would not be recognized, the amount realized will be taxable as ordinary compensation income to the extent that the fair market value of the shares on the exercise date exceeds the exercise price. The Company will not be allowed any deduction for federal income tax purposes at either the time of the grant or exercise of an incentive stock option. Upon any disqualifying disposition by an employee, the Company will generally be entitled to a deduction to the extent the employee realized ordinary income.

The above summary of the 2000 Option Plan is qualified in its entirety by reference to the full text of the 2000 Option Plan, a copy of which is attached to this Proxy Statement as Appendix A.

PROPOSAL 4

CONVERSION OF \$600,000 CONVERTIBLE SUBORDINATED DEBENTURE ISSUED
TO JOSEPH C. ABELES

In April 2002, the Company authorized a private placement to accredited investors only and the potential issuance of up to 2,300,000 shares of its Common Stock. One of the Company's directors, Joseph C. Abeles, in order to assist the Company in its capital raising efforts, expressed a willingness to participate in the private placement. Although the private placement was structured as a straight common stock equity investment, because of NASDAQ rules and regulations regarding stockholder approval of issuances of stock to officers or directors, the Company issued to Mr. Abeles a debenture for \$600,000 which, by its terms, automatically converts to shares of the Company's Common Stock at the rate of \$3.00 per share (the private placement price) upon obtaining stockholder approval of the conversion at the Meeting. By structuring the investment in this manner, there was no immediate liquidity to the investor, the conversion price was fixed, the conversion would be automatic upon obtaining stockholder approval regardless of the market price of the common stock at the date of conversion, and all discretion would have been removed from the conversion portion of the transaction. The debenture also provides that upon obtaining stockholder approval, thereby triggering an automatic conversion of the debenture, any interest that otherwise would have accrued on the debenture will be forgiven.

If stockholder approval of the conversion is not obtained at the Meeting, the Company will be obligated to pay the full principal amount of the debenture plus all accrued interest on December 31, 2002. Interest accrues on the debenture at the rate of 10% per annum.

The 200,000 shares of the Company's Common Stock to be issued upon the conversion of the debenture, if stockholder approval is obtained, are reflected in Mr. Abeles' beneficial ownership under "SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT" appearing earlier in this Proxy Statement. As of October 25, 2002, the Company's Common Stock was trading at \$2.20 per share. The Company would prefer to retain its limited cash resources to fund operations rather than repaying the debt to Mr. Abeles. The Board of Directors recommends a vote in favor of the proposal to authorize the conversion of the debenture, and the persons named in the enclosed proxy (unless otherwise instructed therein) will vote such proxies FOR this proposal. If the stockholders do not approve this proposal, the Company will need to pay the obligation represented by the debenture, including accrued interest, or arrange for extended or refinanced payment terms.

Other Matters

The Board of Directors does not intend to present, and has not been informed that any other person intends to present, any matters for action at the Meeting other than those specifically referred to in this Proxy Statement. If any other matters properly come before the Meeting, it is intended that the holders of the proxies will act in respect thereof in accordance with their best judgment.

A representative of PricewaterhouseCoopers LLP, the Company's principal accountant, plans to be present at the Meeting, will have the opportunity to make a statement, and is expected to be available to respond to questions.

Submission of Stockholder Proposals

Under Rule 14a-8(c) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), stockholder proposals intended for inclusion in the Proxy Statement for the Company's 2003 Annual Meeting of Stockholders must be submitted in writing to the Company to the Corporate Secretary at 2000 Technology Parkway, Newark, New York 14513, and must be received by the Company by June 30, 2003.

Any stockholder proposal submitted for consideration at the Company's 2003 Annual Meeting of Stockholders but not submitted for inclusion in the Proxy Statement for that meeting that is received by the Company after September 12, 2003 will not be considered filed on a timely basis with the Company under Rule 14a-4(c)(1) of the Exchange Act. For such proposals that are not timely filed, the Company retains discretion to vote proxies it receives. For such proposals that are timely filed, the Company retains discretion to vote proxies it receives provided that the Company includes in its Proxy Statement advice on the nature of the proposal and how it intends to exercise its voting discretion and the proponent of any such proposal does not issue its own proxy statement.

The Company's Annual Report on Form 10-K for the fiscal year ended June 30, 2002, as filed with the SEC, is included in the Annual Report to Stockholders which accompanies this Proxy Statement.

If any unexercised Options lapse or terminate for any reason, the Stock covered thereby may again be optioned. More than one Option may be granted to one person.

Section 4. Administration of the Plan.

The Plan shall be administered by the Committee. Subject to the express provisions of the Plan, the Committee shall have the authority to interpret the Plan, to prescribe, amend, and rescind rules and regulations relating to the Plan, to determine the terms and provisions of stock option agreements thereunder and to make all other determinations necessary or advisable for the administration of the Plan. Any controversy or claim arising out of or related to the Plan or the Options granted thereunder shall be determined unilaterally by, and at the sole discretion of, the Committee. The provisions of stock option agreements for Options granted under Section 6 hereof may provide that, upon the occurrence of a Change in Control specified in Section 2(b)(iii) hereof, the Committee may require the cancellation for cash of outstanding Options or the issuance of comparable replacement options granted by the entity.

Section 5. Types of Options.

Options granted under the Plan may be of two types: ISOs and NQSOs. The Committee shall have the authority and discretion to grant to an eligible Employee either ISOs, NQSOs, or both, but shall clearly designate the nature of each Option at the time of grant. Consultants and Directors shall only receive NQSOs.

Section 6. Grant of Options to Employees, Consultants and Directors.

(a) Key Employees and Consultants of the Corporation and its Subsidiaries shall be eligible to receive Options under the Plan. Employees shall be eligible to receive ISOs and NQSOs; Consultants shall be eligible to receive NQSOs only.

(b) The exercise price per share of Stock subject to an Option granted to an Employee or Consultant shall be determined by the Committee; provided, however, that (i) the exercise price of each share subject to an ISO shall be not less than 100% of the Fair Market Value of a share of the Stock on the date such ISO is granted, (ii) such exercise price shall not be less than 110% of such Fair Market Value for any ISO granted to a Control Person, and (iii) the exercise price of each share subject to a NQSO shall be not less than 85% of the Fair Market Value of a share of the Stock on the date such NQSO is granted.

(c) The term of each Option granted to an Employee or Consultant shall be determined by the Committee, provided that no Option shall be exercisable more than ten years

from the date such Option is granted, and provided further that no ISO granted to a Control Person shall be exercisable more than five years from the date of Option grant.

(d) The Committee shall determine and designate from time to time the Employees and Consultants who are to be granted Options, the nature of each Option granted and the number of shares of Stock subject to each such Option.

(e) Notwithstanding any other provisions hereof, the aggregate Fair Market Value (determined at the time the ISO is granted) of the Stock with respect to which ISOs are exercisable for the first time by any Employee during any calendar year under all plans of the Corporation and any Parent or Subsidiary corporation shall not exceed \$100,000.

(f) The Committee, in its sole discretion, shall determine whether any Option granted to an Employee or Consultant shall become exercisable in one or more installments and specify the installment dates. The Committee may also make such other provisions, not inconsistent with the terms of this Plan as it may deem desirable, including such provisions as it may deem necessary to qualify any ISO under the provisions of Section 422 of the Code. The Committee, in its discretion, shall have the power to accelerate the period or periods during which Options become exercisable. Notwithstanding any determination by the Committee regarding the exercise period of any Option granted to an Employee or Consultant, all such Options shall immediately become exercisable upon a Change in Control of the Corporation.

(g) The Committee may, at any time, grant new or additional options to any eligible Employee or Consultant who has previously received Options under this Plan, or options under other plans, whether such prior Options or other options are still outstanding, have been exercised previously in whole or in part, or have been canceled. The exercise price of such new or additional Options may be established by the Board, subject to Section 6(b) hereof, without regard to such previously granted Options or other options.

(h) No Option shall be granted under this Section 6 to Non-Employee Directors unless that option, (i) provides that the Stock received upon exercise of the Option may not be disposed of before the first day following the sixth month anniversary date the Option was granted, or (ii) is granted pursuant to Section 6(i) below.

(i) On the last day of each calendar quarter, commencing December 31, 2000, there shall be granted to each Director of the Corporation on such date, including Directors who are also employees of the Corporation, a NQSO to purchase 1,500 shares of Stock, up until the fifth anniversary of the grant date, for a price equal to the closing price of the Stock on the Grant Date. These options will be deemed vested on the date that they are granted.

(j) In no event shall any issued and outstanding option be repriced to a lower exercise price at any time during the term of such option, without the prior affirmative vote of a majority of shares of voting capital stock present at a stockholders meeting in person or by proxy and entitled to vote thereon. Any amendment or repeal of this provision shall require the affirmative vote of a majority of shares of voting capital stock present at a stockholders meeting in person or by proxy and entitled to vote thereon.

Section 7. Exercise of Options.

(a) Upon the exercise of any Option, the Grantee shall pay the exercise price for the Stock being purchased in the manner provided in the particular stock option agreement, including payment for such shares by surrender of shares of Stock (at their Fair Market Value) if permitted by such stock option agreement, including Stock acquired pursuant to the Option then being exercised.

(b) The number of shares which are issued pursuant to the exercise of an Option shall be charged against the maximum limitation on shares set forth in Section 3 hereof.

(c) Except as provided in Section 9, no Option granted to an Employee or Consultant shall be exercised unless at the time of such exercise the Grantee is then an Employee or Consultant.

(d) Before the Corporation issues Stock to a Grantee pursuant to the exercise of a NQSO, the Corporation shall have the right to require that the Grantee make such provisions, or furnish the Corporation such authorization, necessary or desirable so that the Corporation may satisfy its obligation, under applicable income tax laws, to withhold for income or other taxes due upon or incident to such exercise. The Committee may adopt such rules, forms, and procedures as it considers necessary or desirable to implement this Section 7(d), which rules, forms, and procedures shall be binding upon all Grantees, and which shall be applied uniformly to all Grantees similarly situated.

Section 8. Adjustment Upon Changes in Capitalization.

In the event of any reclassification, recapitalization, merger, consolidation, reorganization, issuance of warrants, rights or debentures, stock dividend, stock split or reverse stock split, cash dividend, property dividend, combination or exchange of shares, repurchase of shares or any other change in corporate structure which in the judgment of the Committee materially affects the value of shares, the Committee may determine the appropriate adjustment, if any, to the number and class of shares and the exercise price per share set forth in any Option theretofore granted, provided that no such adjustments shall be made to any ISO without the Grantee's consent, if such adjustment would cause such ISO to fail to qualify as such.

Section 9. Termination of Relationship with the Corporation.

(a) Except as provided below in this Section 9(a), upon the termination of an Employee's employment or a Consultant's consulting relationship with the Corporation or a Director's term of office with the Corporation (unless the Director continues to be an Employee or consultant to the Corporation), such Grantee's options shall terminate on the day three months following such termination of employment, consultancy or directorship. The Committee shall have the discretion to provide that upon termination of an Employee's employment or a Consultant's consulting relationship as a result of retirement, disability or death, such Grantee or his or her legal representative may exercise any outstanding and then exercisable installments of his or her Options for a period not to exceed: (i) one year from the date of such termination in the case of death or permanent and total disability (within the meaning of Section 22(e)(3) of the Code), and (ii) three months from the date of such termination in the case of retirement or other

disability; provided, however, that in no event shall the period extend beyond the expiration of the Option term. In no event shall any Option be exercisable for more than the maximum number of shares that the Grantee was entitled to purchase at the date of, retirement, disability, or death as the case may be. In the case of an Employee or Consultant, the transfer among the Corporation and any Subsidiary shall not be deemed to be a termination of the employment or consulting relationship, and a change from the status of an Employee to a Consultant or from a Consultant to an Employee shall not be deemed to be a termination of the employment or consultant relationship.

(b) Subject to the foregoing, in the event of death, Options may be exercised by a Grantee's legal representative.

Section 10. General Provisions.

(a) Each Option grant shall be evidenced by a written stock option agreement containing such terms and conditions, not inconsistent with this Plan, as the Committee shall approve. ISOs and NQSOs may be granted to Employees simultaneously and subject to a single stock option agreement; provided, however, that in no event shall a NQSO be granted in tandem with an ISO such that the exercise of one affects the right to exercise the other. The terms and provisions of such stock option agreements (including the exercise price specified therein) may vary among Grantees and among different Options granted to the same Grantee.

(b) The grant of an Option in any year shall not give the Grantee any right to similar grants in future years or any right to continue such Grantee's employment or consultant relationship with the Corporation or its Subsidiaries. All Grantees shall remain subject to discharge to the same extent as if the Plan were not in effect.

(c) No Grantee, and no beneficiary or other persons claiming under or through the Grantee shall have any right, title or interest by reason of any Option to any particular assets of the Corporation or its Subsidiaries, or any shares of Stock allocated or reserved for the purposes of the Plan or subject to any Option except as set forth herein. The Corporation shall not be required to establish any fund or make any other segregation of assets to assure the payment of any Option.

(d) No Option or other right under the Plan shall be subject to anticipation, sale, assignment, pledge, encumbrance, or charge except by will or the laws of descent and distribution, and an Option shall be exercisable during the Grantee's lifetime only by the Grantee.

(e) Notwithstanding any other provision of this Plan or stock option agreements made pursuant thereto, the Corporation shall not be required to issue or deliver any certificate or certificates for shares of Stock under this Plan prior to fulfillment of all of the following conditions:

(1) The listing, or approval for listing upon notice of issuance, of such shares on any securities exchange on which the Stock may then be traded;

(2) Any registration or other qualification of such shares under any state or federal law or regulation, or other qualification which the Board shall, in its absolute discretion and upon the advice of counsel, deem necessary or advisable;

(3) The obtaining of any other consent approval or permit from any state or federal government agency which the Board shall, in its absolute discretion and upon the advice of counsel, determine to be necessary or advisable; and

(4) The execution by the Grantee (or the Grantee's legal representative) of such written representation that the Committee may in its sole discretion deem necessary or advisable to the effect that the shares then being purchased are being purchased for investment with no present intention of reselling or otherwise disposing of such shares in any manner which may result in a violation of the Securities Act of 1933, as amended, and the placement upon certificates for such shares of an appropriate legend in connection therewith.

(f) The issuance of shares of Stock to Grantees or to their legal representatives shall be subject to any applicable taxes and other laws or regulations of the United States or of any state having jurisdiction thereof.

(g) In the case of a grant of an Option to any Employee or Consultant of a Subsidiary, the Corporation may, if the Committee so directs, issue or transfer the shares covered by the Option to the Subsidiary, for such lawful consideration as the Committee may specify, upon the condition or understanding that the Subsidiary will transfer the shares to the Employee or Consultant in accordance with the terms of the Plan and the stock option agreement relating to such Option.

Section 11. Amendment or Termination.

Subject to the provisions of Section 6(j), the Board may, at any time, alter, amend, suspend, discontinue or terminate this Plan; provided, however, that no such action shall adversely affect the rights of Grantees to Options previously granted hereunder and, provided further, however, that any stockholder approval necessary or desirable in order to comply with Rule 16b-3 under the Exchange Act or with Section 422 of the Code (or other applicable law or regulation) shall be obtained in the manner required therein.

Section 12. Duration of Plan.

This Plan is effective upon its adoption by the Board on September 15, 2000, subject to the approval of the Corporation's stockholders. This Plan shall terminate at the close of business on September 15, 2010, and no Option may be granted under the Plan thereafter, but such termination shall not affect any Options theretofore granted.
