**Item 5.02 Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.**

**A. Material Compensation Arrangements for Named Executive Officers.** On December 3, 2010, the Compensation and Management Committee (the "Committee") of the Board of Directors (the "Board") of Ultralife Corporation (the "Company") recommended to the Board, and the Board adopted certain material compensation arrangements for the Company's named executive officers. The Company's named executive officers are those executive officers for whom disclosure is required in the Company's filings with the Securities & Exchange Commission pursuant to Item 402(c) of Regulation S-K.

The material compensation arrangements for named executive officers adopted by the Board consist of (1) a base compensation plan, (2) a short-term cash bonus incentive plan, and (3) a long-term equity incentive plan, under which stock options were awarded. Each of these arrangements is summarized below. The Company's compensation policies will be discussed in detail in the Compensation Discussion & Analysis to be included in the Company's 2011 proxy statement.

**1. Base Compensation Plan for Named Executive Officers**

Under the base compensation plan for 2011, each of the named executive officers will receive annual base compensation starting February 14, 2011 in the amount set forth opposite his name:

<b>Name</b>	<b>Title</b>	<b>Amount</b>
John D. Kavazanjian	President and Chief Executive Officer	\$420,000
Philip A. Fain	Chief Financial Officer and Treasurer	\$250,000
Peter F. Comerford	Vice President of Administration and General Counsel	\$231,000
Julius M. Cirin	Vice President of Corporate Communications	\$190,000
Patrick R. Hanna, Jr.	Corporate Compliance Officer	\$190,000

**2. Short-Term Cash Bonus Incentive Plan for Named Executive Officers**

Mr. Kavazanjian would have been eligible to receive a cash bonus in an amount equal to up to 120% of his annual base compensation under the short-term cash bonus incentive plan for 2011, but due to his retirement (as described below), he will not be receiving any cash award under that plan for 2011.

Messrs. Fain, Comerford and Hanna will each be eligible to receive a cash award under the short-term cash bonus incentive plan for 2011. Each will have a target bonus based on a certain percentage of his 2011 base compensation, with Mr. Fain's target bonus equal to 45% of his 2011 base compensation and Messrs. Comerford's and Hanna's target bonus equal to 30% of his 2011 base compensation. Each of Messrs. Fain, Comerford and Hanna will be eligible to receive a cash award in an amount that could equal up to two times his target bonus. The determination as to whether Messrs. Fain, Comerford or Hanna receives such cash awards and the amount of such cash awards actually paid to them, if any, will be based upon whether the Company meets pre-determined targets for its operating performance (the "Performance Targets"). The Company's operating performance must exceed 80% of the Performance Targets in order

---

for Messrs. Fain, Comerford and Hanna to receive a short-term cash bonus incentive plan award. If the Company's operating performance equals 100% of the applicable Performance Target, Messrs. Fain, Comerford and Hanna will each be entitled to an incentive plan award equal to 50% of his target bonus amount. As the Company's operating performance moves from 80% to 100% of the Performance Targets, the short-term cash bonus incentive rewards for Messrs. Fain, Comerford and Hanna would increase ratably from 0% to 50% of their target bonus amounts. Further, as the Company's performance grows from 100% to 122% of the Performance Target, the named executive officers' short-term cash bonus incentive increases ratably from 50% to 100% of their target bonus amounts. Also, as the Company's operating performance grows from 122% to 217% of the Performance Target, the named executive officers' short-term cash bonus incentive increases ratably from 100% to 200% of their target bonus amounts. Operating performance in excess of 217% of the Performance Target results in a cap in bonus amount of 200% of each named executive officers' target bonus.

Mr. Kavazanjian is not eligible to receive a short-term bonus incentive cash award for 2011 because of his retirement as described below. Mr. Cirin, who is currently on leave from the Company, is not eligible to receive a short-term cash bonus incentive award until such time as he returns to full service with the Company.

### **3. Long-Term Incentive Plan for Named Executive Officers**

The Long-Term Incentive Plan ("LTIP") of the Company consists of three components:

- (1) stock options,
- (2) performance-vested restricted shares, and
- (3) time-vested restricted shares.

For 2011, however, the Committee granted only stock options to certain of its named executive officers. For the reasons stated above, Messrs. Kavazanjian and Cirin did not receive an award under the Company's LTIP. The Board granted options to purchase shares of the Company's common stock under the Company's LTIP to Messrs. Fain, Comerford and Hanna. These options have a seven-year term, vest over a three-year period in equal installments, and have an exercise price of \$6.9061 per share. Mr. Fain received an option to purchase 25,000 shares, Mr. Comerford received an option to purchase 20,000 shares, and Mr. Hanna received an option to purchase 10,000 shares.

**B. John D. Kavazanjian Retires as President and Chief Executive Officer.** Pursuant to the terms of that certain Addendum to his Employment Agreement with the Company dated May 24, 2010, John D. Kavazanjian, the Company's President and Chief Executive Officer has notified the Company of his decision to retire from the Company effective February 7, 2011. Mr. Kavazanjian will cease being the Company's President and Chief Executive Officer on December 30, 2010 when Michael D. Popielec will assume those positions (see below). Upon his retirement, Mr. Kavazanjian will be entitled to: (i) the continuation of his salary for a period of twelve months, (ii) the cash value of any unused paid time off consistent with the Company's paid time off policy, (iii) all of his equity awards which will remain exercisable through their original expiration dates and (iv) the continuation of health benefits for him, his spouse and dependent children for a period of twelve months. Mr. Kavazanjian will also make himself available to act in a consulting capacity, at no additional cost to the Company, for up to ten hours per month, as requested by the Company, through February 7, 2012. The Company will reimburse Mr. Kavazanjian for all reasonable expenses he incurs as a result of his consultation.

---

**C. Michael D. Popielec Appointed as President and Chief Executive Officer.** On December 6, 2010, the Company and Michael D. Popielec entered into an Employment Agreement which provides that, effective December 30, 2010, Mr. Popielec will become the Company's President and Chief Executive Officer, succeeding John D. Kavazanjian. Mr. Popielec is also eligible to receive a cash bonus outside the Company's short-term cash bonus incentive plan if the Company exceeds certain quantitative and qualitative performance metrics to be agreed upon no later than January 31 of the year for which the bonus applies. Satisfaction of 80% to 99% of the bonus plan metrics will result in bonus ranges from 20% to 100% of Mr. Popielec's target bonus. Satisfaction of 100% to 125% of the bonus plan metrics will result in bonus ranges from 100% to 140% of Mr. Popielec's target bonus. In no event will the bonus exceed 140% of Mr. Popielec's target bonus. For 2011 and each year thereafter, Mr. Popielec's target bonus shall not be less than 75% of his 2011 base salary.

Mr. Popielec will also be eligible to participate in the Company's LTIP. The options set forth at items (ii), (iii) and (iv) are conditional and are subject to shareholder approval to increase the number of shares available under the LTIP to accommodate these options and to also increase the current limitation on maximum options issuable to an employee in a given year. Mr. Popielec will also be entitled to receive the retirement benefits and fringe and other personal benefits described in the Company's 2010 definitive proxy statement dated April 30, 2010 under the Sections entitled "Retirement Benefits" and "Perquisites and Other Personal Benefits," which sections are incorporated into this Current Report on Form 8-K by reference.

The Employment Agreement provides that Mr. Popielec's employment is "at will." Mr. Popielec is entitled to certain severance benefits if the Company terminates his employment without Business Reasons or a Constructive Termination occurs (as those terms are defined in the Employment Agreement), including salary continuation for a period of 18 months following the termination date, provided, however, that such 18-month period shall be reduced to 12 months if the termination date is on or after June 30, 2012, (ii) a pro rata amount (calculated on a per diem basis) of the full-year bonus which Mr. Popielec would have earned for the calendar year in which the termination of employment occurs, (iii) acceleration of vesting of all outstanding stock options and other equity arrangements, subject to the provision, however, that the acceleration shall not cover more than 18 months from the termination date, (iv) continuation of health benefits for Mr. Popielec, his spouse and any dependent children for a period of 12 months after the termination date followed by 18 months of executive-paid COBRA eligibility. In addition, if the Company terminates the employment of Mr. Popielec within 12 months of the date of a Change in Control, without Business Reasons or a Constructive Termination occurs (as such terms are defined in the Employment Agreement), then Mr. Popielec shall be entitled to receive (i) salary, any unpaid bonus from the prior year plus an amount equal to 18 months of his salary as then in effect, payable immediately upon the termination date, (ii) one and one half times his target bonus for the calendar year in which the termination date occurs, (iii) acceleration in full of vesting of all outstanding stock options, all such options to remain exercisable for 18 months following the termination date, or through the original expiration date of the stock options, if earlier, (iv) continuation of health benefits for Mr. Popielec, his spouse and any dependent children for a period of 24 months after the termination date. To the extent the vesting and/or accelerated payment of outstanding stock options would subject Mr. Popielec to the imposition of tax and/or penalties under Section 409A of the Internal Revenue Code, the vesting and/or payment of such stock options and other equity shall be delayed to the extent necessary to avoid the imposition of such tax and/or penalties. The Employment Agreement also provides for the continuation of certain benefits in the event Mr. Popielec's employment is terminated for Disability (as defined in the Employment Agreement) or by his death.

In addition to executing the Employment Agreement, Mr. Popielec has also executed an Employee Confidentiality Non-Disclosure Non-Compete, Non-Disparagement and Assignment Agreement in the Company's standard form.
