Item 1.01. Entry into a Material Definitive Agreement.

On May 24, 2013, Ultralife Corporation (the "Company") entered into a Revolving Credit, Guaranty and Security Agreement (the "Credit Agreement") and related security agreements with PNC Bank, National Association ("PNC" or the "Bank") to establish a \$20 million secured asset-based revolving credit facility that includes a \$1 million letter of credit subfacility (the "Credit Facility"). The Credit Agreement provides that the Credit Facility may be increased with the Bank's concurrence to \$35 million prior to the last six months of the term and expires on May 24, 2017. The Credit Facility replaces the Company's prior credit facility with RBS Business Capital, a division of RBS Asset Finance, Inc., which expired in accordance with its terms on May 15, 2013 (the "Prior Credit Facility"). Additional information regarding the Credit Agreement and Credit Facility is included below under Item 2.03.

Item 2.03. Creation of a Direct Financial Obligation or an Obligation Under an Off-Balance Sheet Arrangement of a Registrant.

On May 24, 2013, the Company entered into the Credit Agreement to establish the Credit Facility. The Credit Facility provides the Company with an aggregate of up to \$20 million of loan and letter of credit availability determined based on a borrowing base formula equal to the sum of up to 85% of eligible accounts receivable plus the least of (a) up to 65% of the eligible inventory and eligible foreign in-transit inventory, (b) up to 85% of the appraised net orderly liquidation value of eligible inventory and eligible foreign in-transit inventory, and (c) \$7.5 million, in each case subject to the definitions in the Credit Agreement and reserves required by PNC.

The Company may use advances under the Credit Facility for general working capital purposes, to reimburse drawings under letters of credit and to fund capital expenditures and acquisitions, all subject to the terms of the Credit Agreement. The Company had no amounts drawn under the Prior Credit Facility at the time of its expiration and has not borrowed under the Credit Facility. Interest will accrue on outstanding indebtedness under the Credit Agreement at the alternate base rate, plus the applicable margin, or at the one-, two- or three-month LIBOR rate, plus the applicable margin, as selected by the Company. The applicable margin that will apply until the first quarterly reports are submitted is 1.0% for alternate base rate loans and 2.0% for LIBOR rate loans. Thereafter the following margins will apply:

Quarterly Average Undrawn Borrowing Availability	Applicable Margin for Alternate Base Rate Loans	Applicable Margin for LIBOR Rate Loans
> \$8,000,000	1.00%	2.00%
≤\$8,000,000 but > \$5,000,000	1.25%	2.25%
≤ \$5,000,000	1.50%	2.50%

The Company must pay a fee on its unused availability of 0.375% per annum and customary letter of credit fees in addition to various collateral monitoring and related fees and expenses.

In addition to customary affirmative and negative covenants, the Company must maintain a fixed charge coverage ratio of 1:15 to 1:00 tested quarterly for the four-quarters then ended. The Credit Facility is secured by substantially all the assets of the Company.

Any outstanding advances must be repaid upon expiration of the term of the Credit Facility. Payments must be made during the term to the extent outstanding advances exceed the maximum amount then permitted to be drawn as advances under the Credit Facility and from the proceeds of certain transactions. Upon the occurrence of an event of default, the outstanding obligations may be accelerated and the Bank will have other customary remedies.

The information provided under Item 1.01 of this Current Report on Form 8-K regarding the Credit Agreement and Credit Facility is incorporated by reference into this Item 2.03.

Item 9.01. Financial Statements and Exhibits.

Ultralife Corporation Closes New Revolving Credit Facility With PNC Bank

NEWARK, N.Y., May 28, 2013 (GLOBE NEWSWIRE) -- Ultralife Corporation (Nasdaq:ULBI) has closed on a four-year \$20 million senior secured asset-based revolving credit facility with a \$15 million accordion feature to expand the facility with PNC Bank, National Association ("PNC"). The company's previous revolving credit facility with RBS Business Capital had expired on May 15, 2013.

There is no opening balance under the facility as the company is in a positive cash position of over \$10 million. Borrowings under the facility will bear interest based on LIBOR plus 200 basis points and may vary depending on the company meeting certain financial criteria.

"This new credit facility demonstrates the success of our efforts over the past two years to establish a profitable business model and significantly improve our liquidity. Indicative of our strengthened financial position, we reported almost \$9 million in cash and no debt as of March 31, 2013," said Michael D. Popielec, Ultralife's president and chief executive officer. "We intend to use our cash generation plus this new facility to fund the acquisitions of technologies, products and expanded market reach that will supplement our expected organic top line growth and enable us to accelerate the operating leverage benefits of our now validated business model. PNC Bank is the ideal partner for us and we look forward to forging a strong relationship with them."
