PROXY STATEMENT
ANNUAL MEETING OF STOCKHOLDERS
JUNE 10, 2003

INFORMATION CONCERNING SOLICITATION AND VOTING

This proxy statement is furnished to stockholders in connection with the solicitation of proxies by the Board of Directors of Ultralife Batteries, Inc. (the "Company") for use at the 2003 Annual Meeting of Stockholders (the "Meeting") to be held on Tuesday, June 10, 2003, at 10:30 A.M. and at any adjournments thereof. The Meeting will be held at the offices of the Company, 2000 Technology Parkway, Newark, New York 14513.

The approximate date on which the enclosed form of proxy and this proxy statement are first being sent to stockholders of the Company is May 1, 2003.

When a proxy is returned properly signed, the shares represented thereby will be voted in accordance with the stockholder's directions. If the proxy is signed and returned without choices having been specified, the shares will be voted FOR the election of each director-nominee named herein, and FOR each of the other proposals identified herein. If for any reason any of the nominees for election as directors shall become unavailable for election, discretionary authority may be exercised by the proxies to vote for substitute nominees proposed by the Board of Directors of the Company. A stockholder has the right to revoke a previously granted proxy at any time before it is voted by filing with the Secretary of the Company a written notice of revocation, or a duly executed later-dated proxy, or by requesting return of the proxy at the Meeting and voting in person.

Only stockholders of record at the close of business on April 15, 2003 are entitled to notice of, and to vote at, the Meeting. As of April 15, 2003, there were 12,852,869 shares of the Company's Common Stock, par value \$.10 per share ("Common Stock"), issued and outstanding, each entitled to one vote per share at the Meeting. A majority of the outstanding shares of Common Stock, represented in person or by proxy at the Meeting, will constitute a quorum for the transaction of all business.

Pursuant to the provisions of the Delaware General Corporation Law, directors shall be elected by a plurality of the votes cast by the holders of shares of Common Stock present in person or represented by proxy at the Meeting and entitled to vote at the Meeting. Because directors are elected by a plurality of the votes cast, withholding authority to vote with respect to one or more nominees will have no

effect on the outcome of the election, although such shares would be counted as present for purposes of determining the existence of a quorum. Similarly, any broker non-votes (which occur when shares held by brokers or nominees for beneficial owners are voted on some matters but not on others in the absence of instructions from the beneficial owner) are not considered to be votes cast and therefore would have no effect on the outcome of the election of directors, although they would be counted for quorum purposes. The affirmative vote of holders of a majority of the shares of Common Stock represented at the Meeting and entitled to vote on the proposal to ratify the Company's auditors is required for approval of that proposal. Accordingly, abstentions and any broker non-votes, since they are considered to be represented at the Meeting, would have the same effect as votes cast against that proposal.

The cost of solicitation of proxies will be borne by the Company. In addition to the solicitation of proxies by use of the mails, some of the officers, directors and regular employees of the Company, without extra remuneration, may solicit proxies personally or by telephone, telefax or similar transmission. The Company will reimburse record holders for expenses in forwarding proxies and proxy soliciting material to the beneficial owners of the shares held by them.

Effective December 31, 2002, the Company changed its fiscal year-end from June 30 to December 31. The six month period ended December 31, 2002 for which certain information is presented in this proxy statement is referred to as the "Transition Period". Full 12-month fiscal periods that ended June 30 prior to the Transition Period are referred to as "Fiscal" years. For instance, the year ended June 30, 2002 is referred to as Fiscal 2002, and the year ended June 30, 2001 is referred to as Fiscal 2001.

The Board of Directors has unanimously approved the above-named nominees for directors. The Board of Directors recommends a vote FOR all of these nominees.

BOARD OF DIRECTORS

The Board of Directors met three times during the Transition Period. During the Transition Period, all of the members of the Board attended at least 75% of the aggregate of: (1) the total number of meetings of the Board (held during the period for which such person has been a director); and (2) the total number of meetings held by all committees of the Board on which such member served.

Each non-employee director receives a \$2,000 quarterly retainer, and the Chairman of the Board receives a \$3,750 quarterly retainer. Each non-employee director also receives \$750 for each Board meeting attended; subject to the provision that the meeting compensation is reduced by 50% if the director participated by conference call.

In a coordinated effort to preserve the Company's cash resources, during the quarter ended December 31, 2001, the Company and the non-employee directors agreed that the Company would withhold cash payments to which those directors were otherwise entitled. As a result, the Company did not pay any of the director retainers or meeting fees otherwise payable from September 30, 2001 through December 31, 2002. In recognition of this, the Company's Compensation and Management Committee, in accordance with the provisions of the 2000 Stock Option Plan, has provided its non-employee directors with additional seven-year stock options in lieu of the cash retainers and meeting fees to which they were otherwise entitled. The number of shares subject to these additional stock options was calculated in accordance with the Black-Scholes formula, and the exercise price of each option was equal to the closing

price of the Common Stock on the date of grant. Options for an aggregate 48,321 shares were granted at an exercise price of \$2.74 per share, and options for an aggregate 7,228 shares were granted at an exercise price of \$3.70 per share. Effective January 1, 2003, cash payments for retainers and meeting fees were reinstated.

In addition, during the Transition Period, and in accordance with the provisions of the 2000 Stock Option Plan, each director who was also employed by the Company, namely Messrs. Kavazanjian and Barrella, received an option at the end of each calendar quarter to purchase 1,500 shares of Common Stock. These options vested immediately with a term of five years from the date of grant and were granted at an exercise price equal to the closing price of the Common Stock on the date of grant. During the Transition Period, each non-employee director also received an option at the end of each calendar quarter to purchase 1,500 shares of Common Stock on the same terms as the options granted to directors who were also employees of the Company. In addition, during the Transition Period, the Company granted each non-employee director additional options for an aggregate 4,500 shares (10,500 shares in the case of the Chairman), the effect of which was to provide each non-employee director with an option for 3,000 shares (5,000 shares for the Chairman) per calendar quarter for the quarters ended June 30, 2002, September 30, 2002 and December 31, 2002. These options also vested immediately for a term of five years from the date of grant and were granted at an exercise price equal to the closing price of the Common Stock on the date of grant. Options for an aggregate 23,000 shares were granted at an exercise price of \$2.74 per share, and options for an aggregate 13,000 shares were granted at an exercise price of \$3.70 per share. Effective January 1, 2003, only non-employee directors will receive these quarterly 3,000-share option grants.

COMMITTEES OF THE BOARD

The Board has established four standing committees to assist it in carrying out its responsibilities: the Compensation and Management Committee, the Audit and Finance Committee, the Governance Committee and the Executive Committee.

Each committee member receives \$500 for each committee meeting attended, whether in person or by conference call. In addition, each committee chair, other than Mr. Kavazanjian, receives \$2,500 per annum. As noted above with respect to non-employee director retainers and fees, the Company and its non-employee directors similarly agreed to withhold payment of committee fees and committee chair fees to which those directors were otherwise entitled. The additional stock options granted to the non-employee directors described above took into account the withholding of cash payments for committee meetings attended and committees chaired.

Compensation and Management Committee

The members of the Compensation and Management Committee are currently Daniel W. Christman (Chair), Patricia C. Barron and Joseph C. Abeles, all of whom are independent directors. The Compensation and Management Committee has general responsibility for recommending to the Board remuneration for the Chairman and determining the remuneration of other officers elected by the Board, granting stock options and otherwise administering the Company's stock option plans, and approving and administering any other compensation plans or agreements. The Compensation and Management Committee met two times during the Transition Period.

Audit and Finance Committee

The members of the Audit and Finance Committee are Carl H. Rosner (Chair), Ranjit C. Singh and Joseph C. Abeles, all of whom are independent directors. This committee has oversight

responsibility for reviewing the scope and results of the independent accountants' annual examination of the Company's financial statements, meeting with the Company's financial management and the independent accountants to review matters relating to internal accounting controls, the Company's accounting practices and procedures and other matters relating to the financial condition of the Company, and recommending to the Board of Directors the appointment of the independent accountants. The Audit and Finance Committee met three times during the Transition Period.

Governance Committee

The members of the Governance Committee are currently Patricia C. Barron (Chair), Ranjit C. Singh and Daniel W. Christman, all of whom are independent directors. This committee reviews the performance of the Company's directors, makes recommendations to the Board of Directors for membership and committee assignments and manages the annual evaluation of the performance of the Company's Chief Executive Officer. The Governance Committee met three times during the Transition Period.

The Governance Committee serves as the Nominating Committee. The committee will consider persons whom stockholders recommend as candidates for election as Company directors. Stockholders may submit names of qualified candidates along with detailed information on their backgrounds to the Company's Secretary for referral to the committee for consideration.

Executive Committee

The members of the Executive Committee are Ranjit C. Singh, Joseph C. Abeles, Carl H. Rosner and John D. Kavazanjan (Chair). This committee is responsible for overseeing such matters as the Board of Directors determines from time to time. The Executive Committee did not meet during the Transition Period.

(1) Market value of Company's Common Stock at exercise or period-end, minus the exercise price.

The Company has revised its policy for granting stock options to make it clear that only non-employee directors receive an option to purchase 3,000 shares of Common Stock at the end of each calendar quarter at an exercise price equal to the closing price of the Common Stock on the date of grant, and that executive officers will receive seven-year stock options at the end of each calendar quarter at an exercise price equal to the closing price of the Common Stock on the date of grant in the following amounts: Joseph N. Barrella, William A. Schmitz and Nancy C. Naigle - 1,500 shares; Robert W. Fishback and Peter F. Comerford - 1,000 shares; and Julius M. Cirin and Patrick R. Hanna, Jr. - 500 shares.

The Company has no long-term incentive plan. Consequently, there have been no qualifying awards during the Transition Period. Also, the Company has no employee pension plans to which it makes contributions, except as described below under "401(k) Plan".

Employment Arrangements

In connection with the hiring of Mr. Kavazanjian as the Company's President and Chief Executive Officer effective July 12, 1999, the Company granted Mr. Kavazanjian an option to purchase 500,000 shares of Common Stock for \$5.19 per share, exercisable until July 12, 2005. The option vests 50,000 shares at issue and 90,000 shares on July 12, 2000, 2001, 2002, 2003 and 2004. In September 2002, the Company entered into a new employment agreement with Mr. Kavazanjian pursuant to which the Company agrees to pay Mr. Kavazanjian a salary of \$300,000 per annum. Pursuant to that agreement, the Company has agreed that if Mr. Kavazanjian's employment is terminated by the Company except for "cause" prior to July 1, 2003, then Mr. Kavazanjian shall be entitled to receive \$300,000 within 30 days following that termination, and the portion of the option granted to Mr. Kavazanjian in June 1999 which is scheduled to vest on July 12, 2003, shall be deemed to have vested as of such termination date. In addition, Mr. Kavazanjian shall have one year after the termination of his employment to exercise any vested but unexercised stock options. On February 1, 2004, both the Company and Mr. Kavazanjian shall have the option of terminating Mr. Kavazanjian's employment agreement effective June 30, 2004. In the event neither party opts to terminate the employment relationship, the employment agreement shall renew automatically for an additional year, each year, and the parties shall continue to be required to give notice of intent to terminate by February 1 of the year in which agreement is intended to be terminated effective June 30. As a result of across-the-board management salary reductions, Mr. Kavazanjian is currently being paid an annual salary of \$270,000.

In September 2002, the Company entered into an employment agreement with Mr. Barrella pursuant to which the Company agrees to pay Mr. Barrella a salary of \$197,745 per annum. Pursuant to that agreement, the Company has agreed that if Mr. Barrella's employment is terminated by the Company except for "cause" prior to July 1, 2003, Mr. Barrella shall be entitled to receive \$197,745 within 30 days following that termination. In addition, Mr. Barrella shall have one year after the termination of his employment to exercise any vested but unexercised stock options. On February 1, 2004, both the Company and Mr. Barrella shall have the option of terminating Mr. Barrella's employment agreement effective June 30, 2004. In the event neither party opts to terminate the employment relationship, the employment agreement shall renew automatically for an additional year, each year, and the parties shall continue to be required to give notice of intent to terminate by February 1 of the year in which the agreement is intended to be terminated effective June 30. As a result of across-the-board management salary reductions, Mr. Barrella is currently being paid an annual salary of \$177,970.

In September 2002, the Company entered into an employment agreement with Mr. Schmitz pursuant to which the Company agrees to pay Mr. Schmitz a salary of \$125,000 per annum. Pursuant to that agreement, the Company has agreed that if Mr. Schmitz's employment is terminated by the Company except for "cause" prior to July 1, 2003, Mr. Schmitz shall be entitled to receive \$125,000 within 30 days following that termination. In addition, Mr. Schmitz shall have one year after the termination of his employment to exercise any vested but unexercised stock options. On February 1, 2004, both the Company and Mr. Schmitz shall have the option of terminating Mr. Schmitz's employment agreement effective June 30, 2004. In the event neither party opts to terminate the employment relationship, the employment agreement shall renew automatically for an additional year, each year, and the parties shall continue to be required to give notice of intent to terminate by February 1 of the year in which the

agreement is intended to be terminated effective June 30. Mr. Schmitz's base salary was recently increased to \$160,000 per annum, but in keeping with the Company's policy of salary reductions, Mr. Schmitz is currently being paid an annual salary of \$144,000.

401(k) Plan

The Company established a profit sharing plan under Sections 401(a) and 401(k) of the Code (the "401(k) Plan"), effective as of June 1, 1992. The 401(k) plan was amended effective as of January 1, 1994. All employees in active service who have completed 1,000 hours of service or were participating in the 401(k) Plan as of January 1, 1994, not otherwise covered by a collective bargaining agreement (unless such agreement expressly provides that those employees are to be included in the 401(k) Plan), are eligible to participate in the 401(k) Plan. Eligible employees may direct that a portion of their compensation, up to a maximum of 17% (in accordance with all IRS limitations in effect on January 1, 1998) be withheld by the Company and contributed to their account under the 401(k) Plan.

In April 1996, the Board of Directors authorized a Company matching contribution up to a maximum of 1 1/2% of an employee's annual salary for the calendar year ended December 31, 1996 and 3% for subsequent calendar years. In January 2001, the matching contribution was raised to a maximum of 4% (100% match of up to 3% of annual salary, and 50% match above 3% to a maximum of 5% of salary). The Company made or accrued contributions of \$150,000, \$234,000, and \$162,000 for Fiscal 2000, 2001, and 2002, respectively. In January 2002, the Company match was suspended in an effort to conserve cash, and since that date, the Company has not made any contributions to the 401(k) Plan.

All 401(k) contributions are placed in a trust fund to be invested at the trustee's discretion, except that the Company may designate that the funds be placed and held in specific investment accounts managed by an investment manager other than the trustee. Amounts contributed to employee accounts by the Company or as compensation reduction payments, and any earnings or interest accrued on employee accounts, are not subject to federal income tax until distributed to the employee, and may not be withdrawn (absent financial hardship) until death, retirement or termination of employment.

REPORT OF COMPENSATION AND MANAGEMENT COMMITTEE CONCERNING EXECUTIVE COMPENSATION

Overview

Compensation determinations are made by the Company's Compensation and Management Committee. The Company seeks to provide executive compensation that will support the achievement of

the Company's financial goals while attracting and retaining talented executives and rewarding superior performance.

The Company seeks to provide an overall level of compensation to the Company's executives that is competitive within the Company's industry and with other companies of comparable size and complexity. Compensation in any particular case may vary from the industry average on the basis of annual and long-term Company performance as well as individual performance. The Compensation and Management Committee will exercise its discretion to set compensation where, in its judgment, external, internal or individual circumstances warrant it.

In general, the Company compensates its executive officers through a combination of salary and stock option awards. Additionally, the Company's executives are eligible to participate in or receive benefits under an employee benefit plan made available by the Company to its executives and/or employees.

Salary

Of the primary elements of executive compensation set forth above, salary is generally the least affected by the Company's performance, although it is very much dependent on individual performance. Executive salaries for Fiscal 2002 were, however, adversely affected by the Company's performance as executives, at the recommendation of the Compensation and Management Committee and in a cooperative effort to conserve the Company's cash resources, reduced their salaries initially by 20%, which reduction was then followed by an across-the-board increase so that the Company's executives are now receiving 90% of their former salaries. The Company believes that salaries paid to its executives are competitive with industry norms. The salary levels and annual increases of all executive officers of the Company must be approved by the Compensation and Management Committee. Salary levels for executives are determined by progress made in the operational and functional areas for which they are responsible as well as the overall profitability of the Company.

Executives' salaries are reviewed annually. The timing and amount of any increase to executives both depend upon (i) the performance of the individual and, (ii) to a lesser extent, the financial performance of the Company.

Stock Options

Stock options are designed to provide long-term incentives and rewards, tied to the price of the Company's Common Stock. Given the vagaries of the stock market, stock price performance and financial performance are not always consistent. The Compensation and Management Committee believes that stock options, which provide value to the participants only when the Company's stockholders benefit from stock price appreciation, are an appropriate complement to the Company's overall compensation policies. Executive officers of the Company are eligible to receive option grants under the Company's stock option plans.

The decision to award any additional stock options to an executive is based upon such considerations as the executive's position with the Company and is designed to be competitive for individuals at that level. The Compensation and Management Committee administers the Company's stock option plans.

Employee Benefit Plans

Executives of the Company are each entitled to participate in or receive benefits under any pension plan, profit-sharing plan, life insurance plan, health insurance plan or other employee benefit plan made available by the Company to its executives and employees. The Company also provides Mr. Kavazanjian with supplemental life insurance (\$700,000 coverage in addition to \$300,000 of basic coverage) and supplemental disability insurance. Currently, the Company provides medical insurance for its executive officers and has established the 401(k) Plan. All executive officers and employees are eligible to participate in the 401(k) Plan.

Chief Executive Officer

Mr. Kavazanjian joined the Company in July 1999, and received stock options as described earlier in this Proxy Statement. Mr. Kavazanjian and the Company entered into a new employment agreement in September 2002, the principal terms of which are described earlier in this Proxy Statement. In reviewing the performance of the Chief Executive Officer, the Compensation and Management Committee considers the scope and complexity of his job during the past year, progress made in planning for the future development and growth and return on assets of the Company.

PERFORMANCE GRAPH

The following graph compares the cumulative return to holders of the Company's Common Stock for the period commencing June 30, 1997 through the end of the Transition Period with the NASDAQ National Market Index and the NASDAQ Electronic Components Index for the same period. The comparison assumes \$100 was invested on June 30, 1997 in the Company's Common Stock and in each of the comparison groups, and assumes reinvestment of dividends. The Company paid no dividends during the comparison period. As stated earlier, in December 2002 the Company changed its fiscal year end from June 30 to December 31. Accordingly, the data shown at December 31, 2002 reflects the Transition Period.

REPORT OF THE AUDIT AND FINANCE COMMITTEE

The Audit and Finance Committee is composed of independent directors and operates under a written charter adopted by the Audit and Finance Committee and the Board. The Audit and Finance Committee's charter was attached to the Company's Proxy Statement for the 2001 Annual Meeting as Appendix A.

Management has the primary responsibility for the Company's financial statements and the reporting process, including the system of internal controls. PricewaterhouseCoopers LLP ("PricewaterhouseCoopers"), the independent accountants for the Company, is responsible for performing an independent audit of the Company's consolidated financial statements in accordance with generally accepted auditing standards and to issue a report thereon. The Audit and Finance Committee acts only in an oversight capacity. The Audit and Finance Committee relies on the work and assurances of the Company's management, which has the primary responsibility for financial statements and reports, and of the independent accountants, who, in their report, express an opinion on the conformity of the Company's annual financial statements to generally accepted accounting principles.

In this context, the Audit and Finance Committee has met and held discussions with management and the independent accountants. Management represented to the Audit and Finance Committee that the Company's consolidated financial statements for the Transition Period were prepared in accordance with generally accepted accounting principles, and the Audit and Finance Committee has reviewed and discussed the consolidated financial statements for the Transition Period with management and with PricewaterhouseCoopers. The Audit and Finance Committee discussed with PricewaterhouseCoopers matters required to be discussed by Statement on Auditing Standards No. 61 "Communication With Audit Committees".

PricewaterhouseCoopers provided to the Audit and Finance Committee the written disclosures required by the Independence Standards Board Standard No. 1 "Independence Discussion With Audit Committees". The Audit and Finance Committee discussed with the accountants the accountants' independence.

The Audit and Finance Committee discussed with the Company's independent accountants the plans for their audit. The Audit and Finance Committee met with the independent accountants, with and without management present, and discussed the results of their examinations, their evaluations of the Company's internal controls, and the quality of the Company's financial reporting.

In reliance on these reviews and discussions, and the report of the independent auditors, the Audit and Finance Committee recommended to the Board of Directors, and the Board approved, that the audited financial statements be included in the Company's Transition Report on Form 10-K for the Transition Period for filing with the Securities and Exchange Commission.

The following fees were accrued or paid to PricewaterhouseCoopers for services rendered with respect to the Company's operations for the Transition Period:

Audit and Review Fees - The aggregate fees billed by PricewaterhouseCoopers for professional services rendered for the audit of the Company's annual financial statements for the Transition Period and the review of the financial statements included in the Company's Quarterly Report on Form 10-Q for the quarter included in the Transition Period were \$76,700.

Financial Information Systems Design and Implementation Fees - PricewaterhouseCoopers did not render professional services relating to financial information systems design and implementation for the Transition Period.

All Other Fees - The aggregate fees billed by PricewaterhouseCoopers for services to the Company, other than the audit and review services described above, for the Transition Period were \$5,000. These fees primarily comprise amounts for tax preparation fees and for providing consents in connection with certain filings with the Securities and Exchange Commission. The Audit and Finance Committee has reviewed the fees charged by PricewaterhouseCoopers for non-audit services and believes they are compatible with PricewaterhouseCoopers' independence.

The Audit and Finance Committee has recommended to the Board, and the Board has approved, the selection of PricewaterhouseCoopers LLP as the Company's independent accountants for Fiscal 2003.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

In April 2002, the Company authorized a private placement to accredited investors only and the potential issuance of up to 2,300,000 shares of its Common Stock. One of the Company's directors, Joseph C. Abeles, in order to assist the Company in its capital raising efforts, expressed a willingness to participate in the private placement. Although the private placement was structured as a straight common stock equity investment, because of NASDAQ rules and regulations regarding stockholder approval of issuances of stock to officers or directors, the Company issued to Mr. Abeles a debenture for \$600,000 which, by its terms, automatically converted to shares of the Company's Common Stock at the rate of \$3.00 per share (the private placement price) upon obtaining stockholder approval of the conversion at the December 12, 2002 Annual Meeting. In accordance with the terms of the debenture, upon obtaining stockholder approval and thereby triggering an automatic conversion of the debenture, any interest that otherwise would have accrued on the debenture was forgiven. Accordingly, 200,000 shares of Common Stock were issued to Mr. Abeles in December 2002.

Proposal 2
Approve and Ratify Accountants

The firm of PricewaterhouseCoopers LLP, certified public accountants, served as the independent accountants of the Company in connection with the audit of the Company's financial statements for Fiscal 2002 and for the Transition Period. As the Company engaged PricewaterhouseCoopers LLP on July 24, 2002, PricewaterhouseCoopers did not perform any services for which it was paid professional fees during Fiscal 2002.

On July 24, 2002, the Company dismissed its independent public accountants, Arthur Andersen LLP ("Arthur Andersen") and engaged PricewaterhouseCoopers as its new independent public accountants, effective immediately for Fiscal 2002. Arthur Andersen's reports on the Company's consolidated financial statements for each of Fiscal 2001 and Fiscal 2000 did not contain an adverse opinion or a disclaimer of opinion, nor were qualified or modified as to uncertainty, audit scope or accounting principles. During the Fiscal 2001 and Fiscal 2000, and the subsequent interim period through March 31, 2002, there were no disagreements between the Company and Arthur Andersen on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure which, if not resolved to Arthur Andersen's satisfaction, would have caused Arthur Andersen to make reference to the subject matter of any such disagreements in connection with their reports on the Company's financial statements for such years.

None of the reportable events described under Item 304(a)(1)(v) of Regulation S-K occurred within Fiscal 2001 or Fiscal 2000, and the subsequent interim period through March 31, 2002 preceding our determination not to renew the engagement of Arthur Andersen.

During Fiscal 2001 and Fiscal 2002, the Company did not consult with PricewaterhouseCoopers with respect to the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Company's consolidated financial statements, or any other matters or reportable events required by applicable securities laws.

The Board of Directors has selected PricewaterhouseCoopers LLP as the Company's independent accountants for 2003. This selection will be presented to the stockholders for their approval at the Meeting. The Board of Directors recommends a vote in favor of the proposal to approve and ratify this selection, and the persons named in the enclosed proxy (unless otherwise instructed therein) will vote such proxies FOR this proposal. If the stockholders do not approve this selection, the Board of Directors will reconsider its choice.

The Company has been advised by PricewaterhouseCoopers LLP that a representative will be present at the Meeting and will be available to respond to appropriate questions. In addition, the Company intends to give such representative an opportunity to make any statements if he or she should so desire.

The Board of Directors recommends a vote in favor of the proposal to approve and ratify the selection of PricewaterhouseCoopers LLP as the Company's independent accountants for 2003, and, unless otherwise indicated therein, the shares represented by the enclosed properly executed proxy will be voted FOR such proposal.

Other Matters

The Board of Directors does not intend to present, and has not been informed that any other person intends to present, any matters for action at the Meeting other than those specifically referred to in

this Proxy Statement. If any other matters properly come before the Meeting, it is intended that the holders of the proxies will act in respect thereof in accordance with their best judgment.

Submission of Stockholder Proposals

Under Rule 14a-8 of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), stockholder proposals intended for inclusion in the Proxy Statement for the Company's 2004 Annual Meeting of Stockholders must be submitted in writing to the Company to the Corporate Secretary at 2000 Technology Parkway, Newark, New York 14513, and must be received by the Company by December 29, 2003.
